XGA Stackable Installation Projector

Pro9510L

Equipped with stacking and 360-degree projection, the Pro9510L showcases its versatile projection capabilities for fulfilling professional and creative application requirements. Pro9510L's centered lens boasts 6,200 lumens and XGA resolution, with multiple adjustment options for horizontal & vertical lens shift, 1.7x optical zoom, HV keystone, 4-corner, and 12V trigger, offering flexible and easy installation. To ensure its reliability, features such as an advanced sealed optical engine, wire-netting-covered lamp, and waveform air filter make it more durable and safeguard it against damage caused by regular usage. Powered by SuperColor™, it provides amazing colors and great contrast for images while utilizing auto power on, cell phone remote control (With vRemote app), and network management features for easy management. With its capability of supporting a wide range of digital and analog inputs, the Pro9510L is the ideal projector for commercial installations and large venues.
